Re: Uniforms

Today I saw \_\_\_\_\_ in my office and she was not complete school uniform. While, we still had three hundred plus girls who *were* in proper uniform, we can not have *any* student out of uniform. There are many things that make our school special and the uniform, which was chosen by the parent group, is one of them. If we allow one girl to slip, then we begin to lose that “specialness”.

We need the upper grade students to wear *black shoes, white blouses with peter pan collars, ties, white or burgundy socks or tights, plaid skirts or grey pants.*

We need the K-2 students to wear *black shoes, white blouses with peter pan collars, plaid jumpers, white or burgundy socks or tights, or white blouses with peter pan collars, grey pants and the ties.*

All items may be purchased from AppleHeart’s in West Carrollton. I realize that the uniform is rather pricey, but that was made clear when the choice was made to attend this school.

The Student Code of Conduct requires that students follow the dress code of the school. That means that eventually, a student may be suspended for not following the dress code.

Thank you for being compliant. If you are having trouble obtaining uniform items, please let the parent organization know and they will try to assist you.
