STAFF-STUDENT RELATIONS

Relationships between the District’s staff and students must be cooperative, understanding and mutually respectful. Staff members have a responsibility to provide an atmosphere conducive to learning and to motivate each student to perform to his/her capacity.

Staff members should strive to secure individual and group discipline, and should be treated with respect by students at all times. By the same token, staff members should extend to students the same respect and courtesy that they, as staff members, have a right to demand.

Although it is desired that staff members have a sincere interest in students as individuals, partiality and the appearance of impropriety must be avoided. Excessive informal and/or social involvement with students is prohibited. Such conduct is not compatible with professional ethics and, as such, will not be tolerated.

Staff members are expected to use good judgment in their relationships with students both inside and outside of the school context including, but not limited to, the following guidelines.

1. Staff members shall not make derogatory comments to students regarding the school, its staff and/or other students.

2. Staff members shall not give or receive gifts of substance.

3. Staff-sponsored parties at which students are in attendance, unless they are a part of the school’s extracurricular program and are properly supervised, are prohibited.

4. Staff members shall not fraternize, in written, verbal or digital format with students except on matters that pertain to school-related issues.

5. Staff members shall not associate with students at any time in any situation or activity which could be considered sexually suggestive or involve the presence or use of tobacco, alcohol or drugs.

6. Staff members shall not engage in behavior with students that may be deemed inappropriate such as: dating, physical, peer-like.

7. Staff members shall not use insults or sarcasm against students as a method of forcing compliance with requirements or expectations.

8. Staff members shall maintain a reasonable standard of care for the supervision, control and protection of students commensurate with their assigned duties and responsibilities.
9. Staff members shall not send students on a staff member’s personal errands.

10. Staff members shall, pursuant to law and Board policy, immediately report any suspected signs of child abuse or neglect.

11. Staff members shall not attempt to diagnose or treat a student’s personal problem relating to sexual behavior, substance abuse, mental or physical health and/or family relationships but, instead, should refer the student to the appropriate individual or agency for assistance.

12. Staff members shall not disclose information concerning a student, other than directory information, to any person not authorized to receive such information. This includes, but is not limited to, information concerning assessments, ability scores, grades, behavior, mental or physical health and/or family background.

Social Networking Web Sites

1. District staff who personally participate in social networking web sites are prohibited from posting data, documents, photographs or inappropriate information on any web site that might result in a disruption of classroom, school or district activity. The Superintendent/designee has full discretion in determining when a disruption of classroom, school or district activity has occurred.

2. District staff is prohibited from providing personal social networking web site passwords to students.

3. Fraternization between District staff and students via the Internet, personal e-mail accounts, personal social networking websites and other modes of virtual technology is also prohibited.

4. Unauthorized access of personal social networking web sites during school hours is prohibited.

Violation of the prohibitions listed above will result in staff and/or student discipline in accordance with State law, Board policies and regulations, the Staff and Student Codes of Conduct and handbooks and/or staff negotiated agreements. Nothing in this policy prohibits District staff and students from the use of education web sites and/or use of social networking websites created for curricular, cocurricular or extracurricular purposes.

Eligible employees are entitled to up to 12 work weeks (or 26 work weeks to care for a covered service member) of unpaid family and medical leave in any 12-month period. The Board continues to pay the District’s share of the employee’s health benefits during the leave. In addition, the District restores the employee to the same or a similar position after the termination of the leave in accordance with Board policy.

STUDENT FEES, FINES AND CHARGES

Materials Fees

Students enrolled in District schools are furnished basic textbooks without cost. However, a fee for consumable materials and supplies used in the instructional program is established at the beginning of each school year and may vary as the cost of materials and supplies fluctuates. Such fees are to be deposited in the rotary operating funds of the Board to defray the cost of the materials and supplies.

The Board directs the Superintendent/designee to prepare a schedule of fees for materials used in courses of instruction and a schedule of charges that may be imposed for damage to school property.

The District does not charge students eligible for free lunch under the National School Lunch Act or Child Nutrition Act a fee for any materials needed to participate fully in a course of instruction. This exception only applies to recipients of free lunch, not students who receive reduced-price lunch. This provision does not apply to extracurricular activities and student enrichment programs that are not a course of instruction.

Fines

When school property, equipment or supplies are damaged, lost or taken by individuals, a fine is assessed. The fine is reasonable, seeking only to compensate the school for the expense or loss incurred.

The late return of borrowed books or materials from the school libraries is subject to appropriate fines.

All fines collected are sent to the Treasurer for deposit in the general fund of the Board.

Collection of Student Fees and Fines

The administration may establish regulations for the collection of student fees and fines.

Transcripts are not made available to any student, graduate or to anyone requesting same on his/her behalf until all fees and fines for that student have been paid in full. Participation in extracurricular field trips will not be permitted unless payment has been received. Students will be prohibited from participating in commencement exercises unless payment has been received.

The criteria utilized for the determination of financial need will be eligibility for free or reduced lunch through the District’s food services program. A waiver of confidentiality (free/reduced lunch program form) must be completed before a student’s fee will be waived or reduced.
