The period of time in which the Superintendent’s contract may be renewed begins on January 1 of the year prior to the contract’s expiration and ends on March 1 of the year in which the contract expires.

Salary and benefits are determined by the Board at the time of the appointment and are reviewed by the Board each year. The Superintendent’s salary may be increased or decreased during his/her term of office. However, any decrease must be part of “a uniform plan” affecting salaries of all District employees.

The Board authorizes the annual payment of the Superintendent’s accrued, unused vacation leave.

If the Board intends to nonrenew the Superintendent’s contract, notice in writing of the intended nonrenewal must be given to the Superintendent on or before March 1 of the year in which the contract expires.

Nothing in this policy shall prevent the Board from making the final determination regarding the renewal or nonrenewal of the Superintendent’s contract.

The Superintendent’s contract may also be terminated for cause.

Residency Requirement

The Superintendent, as a condition of employment, will have actual residence and live physically within the geographical boundaries of the Dayton City School District. A newly appointed Superintendent will have six months from commencement of employment and performance of duties to meet this requirement.

NOTE: The board of education of a city, exempted village, local or joint vocational school district can require its superintendent, as a condition of employment, to reside within the district’s boundaries.

The governing board of an educational service center can require its superintendent, as a condition of employment, to reside in the county or an adjacent county of the district.

At the expiration of a superintendent’s current contract, he/she is deemed reemployed for a term of one year at the same salary plus any increments that the board may authorize, unless the board, on or before March 1 of the year in which the contract expires, either re-employs the superintendent or gives him/her a written notice of intention not to re-employ.

A superintendent shall not be transferred to any position during the term of his/her employment except by mutual agreement by the superintendent and the board.

A superintendent’s contract can only be terminated for good or just cause.

Upon a superintendent’s separation from employment, the board may provide compensation at the superintendent’s current rate of pay for all lawfully accrued and unused vacation leave, not to exceed the amount accrued during the three years before the date of separation.

Additionally, under the Ohio Attorney General’s Opinion No. 2011-025 of July 12, 2011, boards of education are permitted to provide for the annual payment of the superintendent’s accrued, unused vacation leave if the board adopts a guideline stating as such and the superintendent’s contract provides for annual payout. The attorney general noted that this guideline may be adopted as board policy.
STUDENT FEES, FINES AND CHARGES

Materials Fees

Students enrolled in District schools are furnished basic textbooks without cost. However, a fee for consumable materials and supplies used in the instructional program is established at the beginning of each school year and may vary as the cost of materials and supplies fluctuates. Such fees are to be deposited in the rotary operating funds of the Board to defray the cost of the materials and supplies.

The Board directs the Superintendent/designee to prepare a schedule of fees for materials used in courses of instruction and a schedule of charges that may be imposed for damage to school property.

The District does not charge students eligible for free lunch under the National School Lunch Act or Child Nutrition Act a fee for any materials needed to participate fully in a course of instruction. Any fees charged to students eligible for free lunch under the National School Lunch Act or Child Nutrition Act, will be charged in compliance with State and Federal law. This exception only applies to recipients of free lunch, not students who receive reduced-price lunch. This provision does not apply to extracurricular activities and student enrichment programs that are not a course of instruction.

Fines

When school property, equipment or supplies are damaged, lost or taken by individuals, a fine is assessed. The fine is reasonable, seeking only to compensate the school for the expense or loss incurred.

The late return of borrowed books or materials from the school libraries is subject to appropriate fines.

All fines collected are sent to the Treasurer for deposit in the general fund of the Board.

Collection of Student Fees and Fines

The administration may establish regulations for the collection of student fees and fines.

Transcripts are not made available to any student, graduate or to anyone requesting same on his/her behalf until all fees and fines for that student have been paid in full. Participation in extracurricular field trips will not be permitted unless payment has been received. Students will be prohibited from participating in commencement exercises unless payment has been received.

The criteria utilized for the determination of financial need will be eligibility for free or reduced lunch through the District’s food services program. A waiver of confidentiality (free/reduced lunch program form) must be completed before a student’s fee will be waived or reduced.
THIS IS A REQUIRED POLICY

NOTE: THIS IS A REQUIRED POLICY

Under the Ohio Revised Code (RC), districts may charge free lunch eligible students fees under two exceptions:

1. for any materials needed to enable the student to fully participate in extracurricular activities or any pupil enrichment program that is not part of a course of instruction and

2. for any tools, equipment and materials necessary for workforce-readiness training with a career-technical education program that, to the extent the tools, equipment and materials are not consumed, may be retained by the student upon course completion.

These two exceptions do not require districts to charge such fees; they simply give them the permission to charge the fees if they so choose.
EDUCATION COUNCIL SYSTEM

The Board recognizes the inherent value and necessity of parental and wide-based community support in the operation of the District. The Board, therefore, establishes and supports the education council system.

The organizational structure of the Community Education Council and the Dayton Education Council will be maintained while the issues which are dealt with by these groups change with the problems and opportunities facing the school system. It is the responsibility of the CEC\(^1\) and DEC\(^2\) to assist the Board by monitoring, advising, supporting and assisting in decision-making in matters that affect the District. The Board affirms the operation of these organizations by promoting the importance of citizen involvement and community partnerships and by committing adequate resources to their operation.
