

Screening Information

Health screenings will be conducted at your child's school following the schedule below. If you have any questions or concerns, please contact your school nurse.

The health screening is the school nurse's way of checking students for possible health problems that might interfere with the child's classroom performance. The school nurse will make a referral for any vision/hearing/dental concerns that are identified. If your child is referred to a vision/hearing specialist or dentist, please share the results with your school nurse.

What health screenings will be done on my child at School?

Ohio law 3313.69 requires school nurses to conduct periodic health screenings for vision and hearing. Screenings will be conducted on all new students to the district and at the following grade levels:

Screening	Grade
Vision (Stereopsis for Pre-K, K, 1) (Color-For boys only K, 1)	Pre-K, K, 1, 3, 5, 7, 9, 11
Hearing	Pre-K, K, 1, 3, 5, 9, 11
Dental	Pre-K, K, 3
All Screenings Listed Above	New-to-District
