

HELPING OUR FAMILIES

"Bridging the Gaps in our Community"

Dear Student/Parent,

Welcome to the Kettering Dayton (formerly known as Grandview) Learning Lab! Our Learning Lab is operated by Helping Our Families, a nonprofit organization whose mission is to assist families through mentoring and emergency services. We are pleased you have decided to entrust us to provide quality afterschool tutoring services. We are excited about getting to know you and your family and wish to extend an invitation to you to visit our Learning Lab facility located on the campus of Kettering Dayton Hospital, 425 Grand Ave, Dayton, OH 45405. If you are interested in visiting, please call 513-855-4177 or send an email to info@helpingourfamilies.org so we can make sure someone is there to greet you.

The Kettering Dayton Learning Lab is an afterschool program that allows students to receive one-on-one or small group attention regarding challenging homework assignments or math and reading skills development. During their time with us, they will receive a meal prior to hitting the books so we ask you to please alert us to any food allergies or eating disorders in advance so we can know how best to serve your student.

For 4th-6th graders, we will pick your student up on Monday and Thursdays from a central location (we will notify you once we receive your application), please make sure they are on time. We will drop them off at the same location at 6:45 pm.

For 7th-12th graders, we will pick your student up on Tuesday and Wednesday at their school within 30-45 minutes after school dismissal and drop them off at home after the program ends.

To best support your student, please list any physical, mental, or emotional challenges or restrictions in the space provided on the waiver form. If you have any questions, please let us know.

Sincerely,

Krista Mainess
