Language Usage Survey

Parents and Guardians a completed language usage survey is required for all students upon enrollment in Ohio schools. This information will tell school staff if they need to check your child's proficiency in English. Answers to the questions on the enrollment form will ensure your child receives the education services to succeed in school. The information is not used to identify immigration status. The questions on the Language Survey section of the enclosed form address the following areas:

Communication Preferences (Question 1)

Indicate your language preference so we can provide an interpreter or translated documents at no cost when you need them. All parents have the right to information about their child's education in a language they understand.

Language Background (Questions 2- 4)

Information about your child's language background helps us identify students who qualify for support to develop the language skills necessary for success in school. Testing may be necessary to determine if language supports are needed.

Prior Education (Questions 5 & 6)

Responses about previous education give us information about the knowledge and skills your child is bringing to school and may enable the school to receive additional funding to support your child.
